

First Baby in Hospital Born To Mr. and Mrs. Weatherill

Twenty Patients Treated in the New Hospital in First Six Days of Operation; Nursing Staff Has Been Increased

Joyce Margaret Weatherill, baby daughter of Mr. and Mrs. Gordon Weatherill of Tees, is the winner of the Cameron Studio Silver Mug, donated to the first baby born in the newly opened Lacombe and District Community Hospital. Joyce, who weighed 8 pounds 2 ounces at birth, was born at 8:45 p.m. on Monday, January 3. Both mother and daughter are doing well. Presentation of the silver mug will be made by O. W. Humpheister, Chairman of the Hospital Board, towards the end of this week.

The mug is engraved as follows: "The Cameron Studio Silver Mug, Presented to Joyce Margaret Weatherill, the first baby born in the Lacombe and District Community Hospital, January 3, 1938."

Although Joyce Weatherill was the first baby born in the new hospital, a baby daughter of Mr. and Mrs. John Stone of Alta was the first baby occurred of the institution. Mrs. Stone's daughter was born in the old hospital and transferred to the new building Thursday afternoon of last week.

Since the transfer of patients from the old General Hospital, 12 patients have been admitted to the new institution.

Many Patients Treated
Twenty patients in all were treated within the first six days of the hospital's opening. The first operation was performed by Dr. W. T. Hynes on Monday morning, and since that time, seven surgical operations have been carried out. Sixteen patients are at present in the new building, a larger number than was possible to crowd in to the old hospital.

Nurse May Beaulieu of Mirror has been added to the Nursing Staff and Miss Freda Barrell is an addition to the laundry staff. Six nurses are now employed at the new institution, with the possibility more will be added in the future.

One isolation case is already being treated at the new hospital, and the confinement suite is now in use.

Raise \$90 for Clive Sunshine Fund

(From Our Own Correspondent)

CLIVE.—The big New Year's Eve frolic went off with a bang with about 400 in attendance.

Proceeds of the evening were \$175.00, there being over \$800.00 to swell the sunshine fund after all expenses were paid.

Miss Rushon, of Camrose, has accepted the position as teacher of the grades formerly taught by Miss Yelda Koychuk of the Clive School. Miss Lena Stumpf returned home Saturday from Nohrdorf where she has been going to school for the past four months.

The weather man has smiled on us for the past few days with fine warm weather which isn't hard to take.

The hockey game played on the rink Tuesday afternoon between Saticwood and Clive resulted a defeat for Clive to the tune of 7-2. Better luck next time boys.

Bentley Wins Two Hockey Games

(From Our Own Correspondent)

BENTLEY.—Bentley teams emerged victors in two hard fought hockey games over the week-end, when the Bentley Juvenile team turned the Rainy Creek outfit back by a score of 4 to 2. The game played in Bentley, produced good hockey.

Sylvan Lake Juveniles tangled with the Bentley Regulars Friday evening and ended up on the short end of a 5 to 2 count. The Bentley boys played sparkling hockey, and were much the better team.

"SOCIAL CREDIT SERVICE STATION" READS SIGN

"Social Credit Service Station—Dividends payable here!" read a sign on an automobile trailer parked in front of A. M. Campbell's store on Barnett Ave. Tuesday morning. The trailer resulted in considerable amusement for passers-by.

This Week's Thought

Time and tide wait for no man.

Old Time Fiddlers Contests Arouse Much Interest

"Bring on your Old-Time Fiddlers" is the slogan already heard around these parts, as Lacombe and the surrounding district has started to warm up for the third annual event, which in previous years has created much interest and is again being looked forward to by young and old alike.

It is one of the big events of the year and it is understood that many of the grandpas are already in secret training. Undoubtedly the keen enthusiasm in former contests will be maintained in the coming competition, which takes place in the Central Alberta Pavilion on Friday (St. Valentine's Day), Feb. 11, to determine the Champion Old-Time Fiddlers of Central Alberta.

In view of the great popularity, the contest has created, Mr. A. T. Inskip, the donor of the original cup, has kindly donated another beautiful one, to be competed for by fiddlers under 50 years of age. This trophy will be known as the "Inskip Junior Cup" and will be held by the winner for one year, and under similar conditions governing the senior cup, will become the sole property of any "fiddler" winning the trophy three times, not necessarily in succession.

Much Interest Shown
According to Secretary T. W. H. Lewis, many enquiries have already been received, three entries are already on file to compete, and all indications point to the present holder of the Senior Cup, J. N. B. Macdonald (last year's champion), having to look to his laurels if he hopes to retain the trophy for another year.

Following the contest, which will commence at 8 o'clock sharp, St. Valentine's dance will take place at 10 p.m. Introducing a new orchestra, the sponsor of the event's entertainment, has satisfied the best in dance music will be provided for those who enjoy the light fantastic.

Make your plans now, not to miss the first major attraction of the New Year. Our advertisement price will admit you to the two events.

Lacombe T.N.T.'s Defeat Red Deer

Lacombe T.N.T.'s consisting of a group of school boys and young fellows in town, travelled to Red Deer on Tuesday, and emerged from the hard-fought hockey game victors by a score of 2-1.

Douglas Carr and Bruce Sage were the point getters for Lacombe as the two teams battled on even terms throughout the first half of the game. With Harold Deven in the Red Deer net, Lacombe was unable to dent the twelve more than once throughout the entire game.

This is the second straight victory for the boys' team, as they previously downed Ponoka by a score of 1 to 1.

Entries are already pouring in to the Lacombe Farmers' Horse Sales for their annual sale to be held on March 15 and 16. Enquiries are also being made and advance notices would show that the sale will be an even greater success than was the last year, when over 600 head of horses were auctioned off.

LOCAL SKIERS OUT

Hillslides of this district were covered with skiers over the holiday week-end as local skiers got in the "good" ski of the winter. Young and alike, the enthusiasts were out in force.

Trophy

The above is an exact replica of the "Inskip Senior Cup," which will be awarded the Champion Old-Time Fiddler of Central Alberta in the competition at the Central Alberta Pavilion on Feb. 11.

New Clive Hotel Opened January 1

CLIVE.—Over 150 residents of Clive and district inspected the new Clive Hotel, which was thrown open to public inspection on January 1. The new hotel occupies the old Royal Bank building here and a two-story addition, 22 x 26 has been made at the west end of the old building. The new rooms are neatly finished in grained wood and the entire interior has been renovated throughout.

New beds and spring filled mattresses have been placed in all eight bedrooms. On the first floor are situated the beer parlor, restaurant, writing rooms and living quarters, while the upstairs consists of guests' rooms.

Miss Rushon of Camrose, newly-appointed school teacher at the Clive School, was the first guest to register in the hotel.

Auto License Plate Rebate Offer Expires Jan. 10

A reduction of 75% off the regular automobile license fees is now in effect according to J. Russell, local license plate issuer. These plates are the ones now in current use and are good up to and including March 31 of this year.

Automobile owners are also reminded that a rebate of 20% may be obtained on their present license fee by forwarding plates and license to the office of the Provincial Secretary, Edmonton. This rebate expires January 10 of this year.

Lacombe Plays Olds At Local Skating Rink Saturday

Lacombe plays host to Olds Saturday night in the two teams final meeting in the Central Alberta Hockey League. Olds needs the win in the league standing and will be in their every minute to gain revenge on their three successive setbacks at the hands of the local sextette. The game starts at 9:15.

Hoppos will not appear in uniform as he has not yet recovered from a dislocated shoulder received in the game against Stettler last Thursday. Clift and Brooks will form the defence with Feizell spelling the regulars off.

With the Lacombe forwards sitting through their defence at Olds, Olds received a 6 to 1 shellacking in a regular hockey fixture in Olds Wednesday night. Penman scored three goals, Harstock rang up two counters on smart passing plays and Clift summed home the final Lacombe score in the third period. The game was lightning fast, if a bit one-sided. Todd played an outstanding game in the Lacombe net.

Lacombe whitewashed the Stettler Imperials in a fast and rugged hockey game played here Thursday night last week. The game was the best seen on local ice and the Lacombe boys opened up and poured in the pressure continually throughout the three periods. Only outstanding work by Kliffke in the Stettler net kept the local forwards from banging in more counters.

With the opening period fairly even, Roberts and Brooks combined to chalk up the first goal for Lacombe early in the second period. Penman skirted the defence on a nice solo play to make Lacombe two up for good in the second period. Kliffke and Chapman combined to ring up a third marker for the locals, and Miles bailed in the middle before the end of the stanza to put the score on ice for Lacombe.

Clift scored on a beautiful shot from the blue line early in the third period. Stettler made a bold bid for goals with five man gangster attacks, but Todd in the local goal remained unscathed on until the last minute of the game when C. Seab got in close and rammed the puck into the net.

Hoppos, of Lacombe, suffered a dislocated shoulder in the second period and Kliffke, Stettler's goalie, injured his knee in the third marker. D. Seab took over the net minding duties for the rest of the first period.

Red Deer evened the two game exhibition series with Lacombe when they downed the local boys by a score of 1 to 1 in New Year's Day in Red Deer. The game, although nothing was at stake was well played, and fast hockey was displayed by both teams. Outstanding goal keeping by both net minders kept the scoring to a minimum. Ken Irish scored Lacombe's first and only tally in the first period.

Local Students See Educational Pictures

Educational films of a trip across Africa were shown in the local school auditorium Tuesday afternoon. High School students assembled saw moving films of a trip made from Algeria, across the Atlas Mountains, through the Belgian Congo and on to the coast by a party of explorers using automobile products of the Chrysler Motor Corporation. A two-reel film presenting some of the highlights of the trip was also presented.

These same films were shown at the Central Alberta Pavilion Wednesday night for students attending the Short Course Program recently opened here. Over 100 students witnessed the pictures.

A. MacDonald, who presented the films, is manager of the Alberta Division for Chrysler Corporation, and is a brother of John MacDonald of Lacombe.

Fire Destroys Small Building on Farm Near Bentley

BENTLEY.—A small building used as a summer kitchen on the farm of J. P. Christenson, west of Bentley, was completely destroyed by fire last night. The place is believed to have started from an overheated chimney.

Youth Training Courses Open in Lacombe Jan. 5

Classes Get Under Way With Enrollment Of Well Over 100 Students; Short Course Will End January 21st

Over 100 students from a radius of 50 miles from Lacombe are gathered in the Central Alberta Pavilion daily for classes under the Dominion-Provincial Youth Training Program. Registration took place Tuesday, and the first classes were held on Wednesday morning. Further registration is expected within the next few days. Supervisor W. S. Morrison and the local committee are confident that the school will exceed all expectations, and plans are already under way to wind up the short course classes on Jan. 21 with a large dance and get-together. Sleeping accommodations have been provided in the Pavilion for the girls and the boys are accommodated at convenient places in town. Dinners and uncles are served in the Pavilion, and all cooking arrangements are under the management of Mr. and Mrs. J. Thompson and Mrs. H. Milard. Tables have been set at the rear part of the Pavilion, and with this addition, there is room to feed approximately 500 students at one sitting.

Heir To Fortune

Minus a pedigree though he is "Teddy," the intelligent canny student who has won the title of "Teddy" the richest dog, for he is worth exactly \$10,000. The money was left to "Teddy" by his late mistress, Mrs. Hattie Fletcher, San Diego, Calif., to insure that her pet is cared for properly all his life. She even provided for a valet for "Teddy," leaving a fund to Augustus J. Deek, who is also his delectable and selects Teddy's sirloins and short-ribs.

Constitution for Young Peoples Accepted

Very entertaining was the program sponsored by Jean Wallace's Group at the regular meeting of the Young People's League on Sunday evening. Margaret Hayson read an article entitled "Building and Being." Margaret Watt sang a solo "We Would See Jesus" and these two numbers together with Jean Wallace and Betty Jackson put on a pleasing skit, "The Negro Egg-seller."

"My outstanding experience in 1937" was the subject of an extemporary talk by several of the members, which afforded much amusement.

The constitution as drawn up by the executive was adopted, and plans for the debate with two members from the University of Alberta to be held the latter part of January are in process of arrangement. Rev. A. L. Carr continued his talk on "How We Got our Bible." The next meeting will be in charge of Group 4, led by Mrs. E. L. Martin.

Spruceville Junior U.F.A. Presents Short Program in Hall

(From Our Own Correspondent)

SPRUCEVILLE.—Mr. and Mrs. Boyd Crocker entertained the Roy Winter, Moorhouse and Cliff Barton families to dinner on Saturday evening, Jan. 5, at 8:30 p.m. Mr. and Mrs. D. S. Young also entertained a large party New Year's evening.

Last Friday night, Mrs. Cliff Barton entertained the young folk from Bradleys and Burtons to an evening of cards.

Annual meeting of the rateraters of the Woody Nook School was held in the hall in the hall at 1 o'clock on Saturday afternoon, Jan. 8, and that of the Spruceville District in the Hall at 2 o'clock the following Saturday—Jan. 15.

Mr. and Mrs. H. E. Heath entertained a few friends at dinner Thursday and Friday night.

Monday night the Busy Bees put on a short entertainment in the hall. Miss Margaret Archibald, Junior U.F.A. President and President of the Alberta Youth Congress, gave a short and interesting talk. Pictures taken by Dr. Kelloway on his recent trip to Russia were shown and very much appreciated, as was Mickey Mouse and a Pop-cye film caused much laughter. Four of the young folk rendered musical and vocal numbers in between the film. The Juniors are to be congratulated on organizing such a pleasant and instructive evening.

The U.F.A. get-together which was planned for Jan. 7 will take place on Friday, Jan. 14 instead. All the High School students returned to their respective schools this week. Miss Molly Heath returned to Red Deer on Tuesday and Morris Barnes returned to Olds the same day to continue their studies.

Some of the young folk in this district are attending the Youth Training School in Lacombe. The Spruceville Burns' Club will hold a meeting in Spruceville Hall on Monday, Jan. 10, at 8:30 p.m. All interested are cordially invited to attend.

WINS PERMANENT WAVE

Mr. and Mrs. Gordon Brown and daughter Shirley, were guests of Mr. and Mrs. Buster Brown last week-end.

Mr. and Mrs. E. L. Martin visited relatives and friends in Vermilion during the holiday season.

Miss Jeanie Hembury, of Vermilion spent a short time visiting her parents, Mr. and Mrs. C. Hembury here.

Groups 1, 2 and 3 of the Ladies' Guild will meet at the Manse on Tuesday, January 11th, at 3:30 p.m. Will members please note the change of date.

The New Year's Eve dance held in the Assembly Hall and sponsored by the Bochevich Club was a decided success. The hall was beautifully decorated in black and white motifs and streamers. Supper was served at 1:30 and at 12 o'clock the Grand March took place, when original novelties, hats, noise-makers, etc., were given to the guests. Many out-of-town guests attended. Several no-host parties were arranged prior to the dance. Bob Paulsen's orchestra supplied the music.

Clare Ehlinger of Edmonton was the guest of Mr. and Mrs. E. H. McCaugherty for New Year's week-end.

Among the many University students who have returned to Edmonton are Bill Fraser, Arthur Carr, Laurence Winter, Don McCormick, L. Edmonds and L. Chisholm.

Clarence Perkins has left for Edmonton to take a course in drafting at a special school.

Henry Henderson returned from her home in Westlock, where she spent the holiday season with her parents, Dr. and Mrs. E. F. Henderson, and is now staying with her aunt and uncle, Mr. and Mrs. A. J. Price.

Vivian Percels and Margaret Woody spent New Year's week-end with Mr. and Mrs. J. Code of Camrose.

All returned men are notified that the annual meeting and banquet will be held in the Empress Hotel on Friday, January 14th, at 7 p.m. Officers will be elected for the coming year and general business of the Canadian Legion taken up.

The regular monthly meeting of the Lord Lascelles Chapter, L.O.D.E. will be held at the home of Mrs. Howell on Monday evening, Jan. 10, at 8 p.m. As this is nomination meeting, a full attendance is earnestly requested.

Mr. and Mrs. J. N. B. MacDonald have as their guests Mr. and Mrs. J. T. Parker of Calgary.

A fancy dress Skating Carnival will be held in the Skating Rink on Wednesday night, January 19, under the auspices of the Ladies' Guild of St. Andrew's United Church.

Sunny Crest Specs

By SPY

SUNNY CREST--The Sunbeams, mothers and daughters, Mr. F. G. Mathews who was also a guest at the banquet last week, wish to express their thanks to Mrs. Ida Johnston for the delightful dinner with which she entertained them. A good time was had by all, in spite of the cold windy day.

On Dec. 30th Miss Phyllis Kanah arrived home after a delightful holiday at Leo.

Early Thursday morning, Dec. 30th, Dr. Stewart was making a flying visit to the Woods home, when he got held up in a snow-bank. However, with the kind help of Mr. Mickey he arrived at the home of Mr. and Mrs. H. Woods with a baby boy.

Miss C. Carter arrived back from Calgary where she spent her holiday. School re-opened Jan. 3rd.

Mrs. E. Dole entertained Mr. and Mrs. Leslie Saunders and family, and Mr. F. E. Mathews in dinner on New Year's Day.

Sunny Crest was delighted to have their Westbranch friends down for the church services last Sunday. They brought the news that a guest speaker and quartette from the Red Deer Bible school would likely visit Westbranch soon. Arrangements will be made if possible to have them at Sunny Crest the same Sunday.

Next Sunday, January 9th, Miss Connie Carter will take the church service.

The waters of the Bow River in Southern Alberta eventually flow into Hudson Bay.

Spring Valley

(From Our Own Correspondent)

SPRING VALLEY.—Ed Underdahl is the latest man in our community to abandon the life of a bachelor. The lady of his choice was Miss Grimes, from down Haynes way, Bon Voyage Mr. and Mrs. Ed.

Did you know that Austen Sultor had a new car? I wonder what next?

Mr. and Mrs. Charles Miller and Evelyn Hunter of Lacombe and Mr. and Mrs. H. O. Sims and Kathleen were the guests of Mr. and Mrs. M. C. Miller on New Year's Day.

Mr. and Mrs. Whitney's kiddies are now just about over the chicken pox.

Quite a number of our people enjoyed themselves by dancing the old year out and the new year in.

Roumania had a crop of 138 million bushels this year, which would provide an exportable surplus of 40 million. The government has been paying an export bounty of 14 cents a bushel.

Sculptors Transforming Doorway to Canadian Parliament

Under steady chipping of pneumatic chisels, plain blocks of stone which have marked the main entrance to Canada's parliament building in Ottawa for the past eighteen years are being steadily transformed into intricate sculptured design. The six men work-

ing at it—and most have worked abroad as well as here—are convinced the result will be comparable to the most beautiful doorways of Europe. Main feature of the archway design is a band bearing the provincial coat-of-arms on a background of Cana-

dian tree leaves and farm fruits. A smaller band embodies the "Four" of the province: maple, shamrock, thistle, and Canadian birds. A life-size lion on one side and a unicorn on the other bear the coats of arms of Great Britain and Canada. The lion is shown

in a rampant position, and unicorn at the RIGHT. Work on the archway, shown in the CENTRE, has been proceeding all summer and is expected to be completed early next year. C. Soucy and G. de L. McCarthy, both noted sculptors, are in charge of the work.

Sport-Scope

By JACK MCCAUGHERTY

With new rules, a new national system of registration and a greater interest in the game, basketball in 1938 will move steadily ahead in Canada in the opinion of Walter H. Hardwick, president of the Canadian Basketball Association. Many new rules have been brought in to help speed up the game and thus to spread basketball enthusiasm throughout the dominion. Elimination of the jump off after each field goal has done more to revolutionize the game than anything since the 10-second rule. Under this rule the ball is put back into play by any player of the team scored upon and no longer are tall players the chief asset of a team. Other changes, including limiting high school games to two overtime periods instead of three, awarding the ball to an opposition player at the end of the court where a free throw is made, instead of at centre, and awarding a goal to the opponents of any player who touches the ball while touching the opponents' basket, all have made the game speedier and more interesting. A newer, more open game is being adopted by the players. They are leaning towards more offensive play and the old zone defensive system seems to be packed away into the old trunk in the attic.

4. Be your age. The things which bring zest change as we get older. Some people try at 50 still to get a kick from life by doing what they did at 20. All they get is a pseudo-happiness.

5. Don't let others or yourself bluff you into being timid. What we should do is emphasize our few strengths and forget our many weaknesses. Look at the future rather than the past.

Tees Tattle Tales

By TATTLE

TEES—After all that has been said about the terrible marriage epidemic spreading throughout the district, one wonders, why our doctors have not found a counteracting serum against the ailment. Anyway it is my duty to announce that two more of our young-uns, have gone and made themselves one. This time the contracting parties were Miss Lily Plastow and Art Worden, who were married in Red Deer, Dec. 28th. The newly weds spent a short holiday in Olds and points south.

Miss Plastow, who is well known in the district, went through school here. Mr. Worden hails from Crystal City, Manitoba, and has farmed in the Nebraska district, for several years. Art takes a great interest in sports including boxing, skiing and running.

(Seen through the living room window) Miss Jean Davidson, trying to teach Bob Cunningham how to play the piano.

Miss Davidson, of Innisfail, spent the New Year with Mr. and Mrs. T. Cunningham.

Miss Hazel Housen, of Alix, spent the New Year vacation with Mr. and Mrs. Marshall. Douglas Marshall also spent the holiday at home.

Miss Putnam, returned from the school holiday in Calgary, feeling well and rested and ready for the balance of the term.

Mr. Newton, principal, also returned from his visit and reports that he is now the proud father of a bouncing baby girl. He is feeling so puffed up that he finds it hard to contain himself.

Pat and John Armstrong returned to school at Galtor Monday, feeling fine after the holiday.

Miss Gladys Marshall left New Years day to visit her grand parents, Mr. and Mrs. Weise, at Bentley.

Miss Barbara Leitch, returned to Edmonton accompanied part way by Miss Margaret Anderson, who returned to Tees with a very severe cold.

Howard Van Meer, of Sedgewick, spent the holiday with Don MacDougall getting re-acquainted with all his old pals.

Born to Mr. and Mrs. Nick Winchereau, at Edmonton, during the holiday, a daughter, Mrs. Winche-

3,288 minutes. Other teams have 55 full games in the penalty box—cooled off many minutes in the same time too: Maroons 2,924, Rangers 2,691, Americans 2,655, Boston 2,428, Chicago 2,348, Canadians 2,308 and Detroit 2,284. In other words in that time 348 full games have been spent by National Hockey League players for penalties! . . . The longest standing ski jump is held by Josef Bradl of Italy. This feat in 1935 flew through the air for no less than 331 feet 4 and a half inches! Something for the local skiers to contest, yes—or not? . . . Don Rudge is supreme in amateur tennis. Honors were crowned with the presentation of the Sullivan Memorial Trophy to him . . . Hello Ted Cheatum, Lacrosse Hospital. May a speedy recovery be yours Ned and I hope you're not forgetting to follow sport.

McFarland To Speak on Unity

On January 7th, 1938, at 9:30 p.m., John L. McFarland, who was recently chosen as President of the Executive Council of the Unity Movement in Alberta, will make his first public announcement of the Unity of Unity.

The speech will be made over radio stations, CFCN, Calgary; CICA, Edmonton; CJOE, Lethbridge; CFBP, Grande Prairie. Mr. McFarland, with his wide knowledge of all phases of life in Western Canada and particularly of the problems which face the farmers, is the best possible man who could be found to advise the people of Alberta on how they are to attain the unity which is so necessary now. His speech will be awaited with great interest all over the province.

Making Up the Difference. Not so very long ago, the Irish mile was longer than the English, in ratio of 11 to 14. One day an Englishman complained to a jarvey driving the jaunting car about the excessive narrowness of the way.

"Why, then," responded the Irishman, "need ye be angry with the roads? Sure we make up in length for the scanty measure ye get in width."

Blackfalds

(From Our Own Correspondent)

BLACKFALDS—We have the following additions to make to the Christmas arrivals and departures mentioned last week. Departures: Mr. W. Stephenson, to Calgary; Lawrence Martin, to Calgary for the Christmas week-end; Mr. and Mrs. Manhard spent the Christmas week-end in Edmonton.

Arrivals: Chester Martin came home from Edmonton; Ava McKay, from Olds; Mr. Leopold Gregson, of Calgary, visited the Ellwells over the Christmas holidays; Mr. and Mrs. Garberry and family are visiting the Bennetts; Mrs. Kask (nee Edna Egen) was home from Sanguedo.

The Misses Eileen and Verna Hansen left on Monday the 27th for a visit to Portland, Oregon, via Calgary.

The Misses Mabel and Gertrude Martin went to Calgary recently for a short visit, and on Monday this week, Mabel returned to her school.

After having dispatched his foxes ahead of him, W. I. Clarke left on Wednesday the 29th, for High River.

Mrs. Eggerson, who has been Mr. Clarke's housekeeper for some years, left on the 27th to take up her new duties in a restaurant in Bentley. Her many friends here were sorry to see her leave, and all wish her every success there.

Irving Goodwin, whom we have missed for some time, is also located around Bentley.

Mr. Hart and daughter, Mary, left on Monday, Dec. 27th for Vancouver via Edmonton. Mr. Hart will holiday there for two weeks, and Mary for about three months. It looks as if Mr. Hart's holiday will be taken up in travelling, as their train was held up at Jasper owing to the snow slide in the Rockies, and when last heard from they were beginning to run short of rations, as guests of the C.N.R. on the train.

Henry McEneaney's hired man known to us all as George, suffered a nasty mishap last week. While taking a calf to water, it bolted, and taking him by surprise, dragged him along by a barbed-wire fence, as a result of which he suffered lacerations on the cheek and neck.

Dorothy Robison was back in the village on Sunday for a short visit with Joan Warren. She left

Canadian Girls In Beauty Contest

On their way to Havana, Cuba, where they will participate in a contest to elect the Radio Queen for 1937, are these charming Canadian beauties, parked aboard their luggage as they stop off at Miami, Florida. They are Miss

Blanche Henison at the LEFT, Nova Scotia's gift to beauty, who was the radio queen for 1935, and Miss Mari Lucille Capon, of Quebec. Miss Capon was picked as Canada's queen in this year's contest.

on Monday for High River.

The Miller families all met at Fackler's for Christmas this year.

School reopened on the 3rd and the little ones seem much pleased with their new school room.

Mrs. Moss and daughter Winifred spent Christmas with Mr. and Mrs. Roy Miller.

Owing to the indisposition of the Rev. A. L. Carr, the service on Sunday the 26th, was taken by his son, Arthur, who filled his father's shoes very capably. Last

Sunday Mr. Carr came in person and held a communion service, at which there was a good attendance. Next Sunday, after the service, there is to be a congregational meeting. It is hoped that there will be a good turn out.

"Thanks to the milder weather, the children have been taking advantage of the ice on the rink to try out their Christmas skates. Mr. and Mrs. Walker saw the New Year in while on a visit to Eckville.

Mr. and Mrs. Teddy May visited Edmonton shortly before Christmas.

Our condolences are extended to Mr. J. A. Martin upon the death of his brother in California; news of this came to him shortly before Christmas.

Mrs. Crocker has a cousin from Kansas City visiting her.

Bentley

(From Our Own Correspondent)

BENTLEY—Mrs. G. A. Sanders visited friends in Clearholm last week.

Glen Williams, of Calgary, spent Christmas with his parents here. The Misses Judith Rees and Margaret Cross, who are attending college at Camrose, spent the Christmas holidays with their parents.

Mr. and Mrs. George Sparks, of Ponoka, Mr. and Mrs. Harrison Wiltse and son Hal, of Halkirk, and Miss Helen Wiltse spent Christmas with Mrs. Wiltse of Bentley.

Mrs. Hergott, of Edmonton, is a guest of her son, Mr. C. Hergott and Mrs. C. Hergott, here.

Miss Edith Hickman, who has been working at Ponoka for several months spent Christmas at her home here.

Mrs. M. S. Witherell spent the week-end with her mother, Mrs. Roberts, of Calgary.

Mr. J. Rae had the misfortune to break his wrist on Friday while cranking his car.

Fine Workshop Can Be Built in Collar

The gardening enthusiast needs a workshop, particularly if he is trying to carry some of the beauty of the garden into his home during the winter. During the spring and summer, he can get along with a spade, rake, hoe and his two hands, but in the winter things are somewhat different.

The corner of the cellar can be turned into a room for storing garden tools. Tables and bins for soils and seeds can be built, and cupboards for vases to hold cut flowers can be provided. Such a room, if considered desirable, may be turned into a sort of garden den, where many pleasant hours can be spent in taking care of potted plants and planning out the garden for next year.

The building of such a room may be undertaken under the Home Improvement Plan sponsored by the Dominion Government.

The president of a large transportation company was being escorted through a new high school building.

"Would you be interested in seeing a calisthenic exercise?" inquired the principal, halting before the door leading to the gymnasium.

"No, thanks," answered the guest. "I've seen many a railroad train."

The World of Wheat

"Is Registered and Certified seed any better than any other kind of seed?"

"Do seed growers really improve seed?"

These are questions frequently asked, and here is some evidence which supplies an answer. In 1935 the "Crop Testing Plan" imported from eight of the best seed growers in Minnesota some 9000 bushels of Minnesota "Registered" Thatcher. On test these stocks were found to contain an average of 50 bearded heads and other off-types for each count of 10,000 plants.

Two thousand bushels of this seed were allotted to 36 members of the Canadian Seed Growers' Association, with a request that they should do their best to improve the stock.

After two years of effort these particular seed growers have, this year, produced some 20,000 bushels with average impurities of only 5.2 per cent, and some stocks having less than 1 per cent. (These improved stocks are now being made available by the "Crop Testing Plan" to farmers who desire them.)

Here, it seems, is a definite and tangible illustration of the quality of the work done by our seed growers, and of the value of the methods of crop improvement as set out and required by the Canadian Seed Growers' Association.

Following factors have tended to raise prices:—

Broomhall's world wheat visible less than a year ago; Europe purchases United States corn; Norway purchases American rye; Crop control bill passes United States House of Representatives; Very favorable political developments in the Orient; Severe frosts and ice covering reported in the Ukraine; Continued dryness harks back seeding in Algeria.

Following factors have tended to lower prices:—

Disappointing foreign demand; Navigation closes on the Great Lakes; Port of Montreal closes; early Australian wheat offerings of excellent quality; Good rains favor germination in Morocco; Welcome rains in Natal and the Transvaal; Official Argentine wheat estimate 192 million.

Fine Double Bill at Avalon This Week

Stated as a picture that gives the screen's three foremost boy actors full scope for their well known ability, "The Devil is a Sissy" will be shown at the Avalon theatre the last three days of this week. It's a very human story, full of laughs, and in spots, pathos enter into it, making it sheer entertainment for fans of every taste and age.

Freddie Bartholomew, reared in New York by a rich mother, arrives, according to a divorce decree, to spend six months with his father who resides on the east side of New York. He chooses as pals "Jackie Cooper" and "Mickey Rooney," the district's two toughest kids, who spurn him as a sissy. The three get into trouble. Jackie and Mickey are placed on probation and decide to run away. Freddie tries to dissuade them, helps in rounding up a criminal gang, and contracts pneumonia. He recovers and is voted a regular guy. In addition to the above Ian Hunter, Peggy Conklin, Kathryn Alexander, and Gene Lockhart round out a cast that will be enjoyed.

CHRISTIAN SCIENCE

At all Christian Science churches next Sunday, the subject of the Lesson-Sermon will be "Sacrifice." The following is one of the Scriptural quotations contained in the Lesson-Sermon: "He that hath my commandments, and keepeth them, he it is that loveth me and he that loveth me shall be loved of my Father, and I will love him, and will manifest him."

Claims Alberta Credit Down

(Continued from page 2)

culated, credit is gone. No matter how much the person or organization stands to benefit from loans based on credit, those loans are not available because the faith of the individual or organization which possesses the wealth is shattered.

Thus when the Social Credit government rails against bondholders and breaks promises by slashing interest or not meeting payments when due and when it condemns banks which after all only handle the money of a large number of small depositors and shareholders, that Social Credit government is wrecking the very credit which it says it wants to control.

That policy is excellent as long as Alberta's government proposes the province can live within itself. But the government and the people are well aware that Alberta's government is not off from the rest of the world, and prosper.

British People Going In For Drinking Milk

WINNIPEG.—Over 700,000,000 gallons of milk are consumed in Great Britain each year. Approximately 22,000,000 gallons are consumed by school children under the plan whereby milk is supplied to schools at a low price.

The growing popularity of milk bars is also increasing the consumption of milk, there being no fewer than 681 milk bars now doing business in Britain.

There is a total production of some 1200 million gallons, according to the Agricultural Department of the Canadian National Railways. About 2500 million gallons are imported in the form of dairy product.

SOLID GLASS CORNERSTONE LAID AT SHEFFIELD, ENG.

SHEFFIELD, Eng.—A foundation stone of solid glass weighing four hundredweight was laid here to mark the first step in the erection of a building for the University Department of Glass Technology.

Geoffrey Pilkington, a director of Messrs. Pilkington Bros. of St. Helens, the firm which prepared the stone, presiding at the ceremony, said he did not think anyone had made a foundation block of this nature before and described the making of it as "no easy job." It had caused his colleagues and his staff considerable anxiety for the past two or three months, he said.

Miss Algar spent the Christmas with her parents in Edmonton. Congratulations are extended to Mr. and Mrs. K. McDougall of Lacombe, who celebrated the 60th anniversary of their wedding day last week. Mr. and Mrs. McDougall were residents of Morningside and district for a number of years and made many friends, who join in wishing them many years of health and happiness.

ANNUAL MEETING
The Annual Meeting of the Lincoln Telephone Company will be held in Lincoln Hall on Friday, January 14, 1938, at 8:30 p.m. Everyone welcome. All shareholders are specially invited to attend.

W. L. INGRAM, Secretary. J6C

The World of Wheat

"Garnet wheat will be removed from the grade 3 Northern."

The above announcement was recently made by the Hon. W. D. Euley, Minister of Trade and Commerce, Ottawa.

This news will bring anxiety to every farmer who is growing Garnet.

Some important queries will at once spring to the producer's mind—Should I continue with Garnet? What is the price of Garnet likely to be? Should I use a different variety? If a different variety, then which one?

The truth is that Garnet has been a good variety for northern farmers, for it has enabled thousands to stay on their farms and to pay their taxes. The hard fact is, too, that there is no variety available at the moment that will, with complete satisfaction, replace Garnet.

Having decided to change the grades, in order to help those farmers who may produce No. 3 Northern, the further duty of the Dominion Government should be specifically to help the Garnet growers. This can be done by increasing the appropriations to plant-breeding institutions, so that the excellent work now going forward to develop a new early variety to replace Garnet can be "stepped up."

Following factors have tended to raise prices—

Danubian exports practically cease for winter; Japan buys Argentine corn; three successive poor crops in Morocco exhaust wheat and barley supplies; Reduction in U.S. Government corn, wheat, oats, barley and rye estimates; Excessive moisture in France.

Following factors have tended to lower prices—

Holland limits rye imports; U.S. Senate rejects proposals to buy farm products; Argentine weather favors wheat harvesting; Official Roumanian winter wheat acreage estimate 12 per cent above 1936; Wheat, oats, barley, rye and rye estimates for Latvia higher than 1936; Rains improve Indian crop prospects.

MARGIN ACCOUNT

The market had just taken another plunge. The dejected broker left his office and dropped into a restaurant. He fished around in his pocket until he found a solitary nickel and three pennies. "Glass of milk," he mumbled.

"Yes, sir," chirped the countermaid. "Try some of delicious doughnuts!"

The broker hesitated. "What are they selling for?" he asked. "Three for ten," smiled the countermaid.

The broker sighed. "Okay," he nodded, "let me have two—on margin."

NEW WALLED CITY
An ancient Chinese walled city is to be reproduced at a cost of over \$1,000,000 for San Francisco's 1939 World's Fair.

Sleeping Beauty Organist for Richard II

Virginia Oman, the "Sleeping Beauty" of 1931, who slept for six months and woke "feeling fine" with an ambition for a musical career. She plays on a Hammond Organ, the new instrument which uses no pipes or reeds, the incidental music during Maurice Evans' stage production of Richard II. This production is booked to play this season across the United States and Canada.

Above are Maurice Evans, Producer, in the title role, and Ian Keith as Bolingbroke, as they appear on the Toronto stage, in late December, and early in the New Year at Winnipeg, Edmonton, Vancouver and Victoria. Inset is the Hammond Organ which is manufactured in Canada by Northern Electric Company, Montreal.

THE GIRL OF TODAY
About 33,750 bushels of alkali clover seed were shipped from Canada to Great Britain in 1936.

You have my sympathy, little girl.

The men don't like your clothes.

Nor your hair combed over your pretty ear—

Poke fun at your powdered nose.

I know that your Grandma wore a train

And she swept the sidewalk clean.

And the men they sneered, and the men they growled,

Men always have, I ween—

But she went right on, in her own sweet way,

Just as you do, my dear, And she mopped up measles and typhoid germs,

And scattered them everywhere. When she put on bustles and big hoop skirts

The men folks jeered and mocked.

And when she banged and bobbed her beautiful hair

Strong virile men were shocked.

So you're just as sweet as your Grandma was—

And she was winsome and true. And you'd look like sin if you dressed like her—

And she wouldn't have dressed like you!

Her heart was clean and her soul was white,

And her fair face stands undimmed.

For it's not the cut of your gown that counts—

It's the way that your soul is trimmed. —Exchange.

THE LAST QUESTION

"Daddy, why . . . ?" he began, for the twentieth time that evening.

"Look here," said his exasperated father, "have you ever heard of the little boy who asked so many questions that he was turned into a question mark?"

The child pondered over this. "Put, Daddy," he said at last, "how did he manage to keep the dot under himself?"

FINE DISTINCTION

In rising to support a measure in the House of Commons on one occasion, an M.P. declared:

"The friends and opponents of this bill are divided into two very distinct groups—the ability and the no-ability."

LIMBURGER CHEESE

Most of the Limburger cheese produced in the United States is made in Wisconsin. In 1936 that State produced 8,792,000 pounds out of a total of 11,982,000 pounds.

Morningside

(From Our Own Correspondent)

MORNINGSIDE—Archie Bulla has been a recent visitor with friends at Gadsby.

Miss Jean McKinnon, of Edmonton, visited with her parents during the holidays.

Miss Viola Bernack, of Daysland, is visiting with her parents, Mr. and Mrs. John Bernack.

Westling

(From Our Own Correspondent)

WESTLING—Mr. and Mrs. Dubols and family were given a farewell party on Sunday night.

D. Will went to Edmonton with a truck load of cattle on Monday.

Miss Mabel Westling of Edmonton is spending a holiday at her home here.

A card party will be held in the Westling Hall on Saturday night, Jan. 8.

FLLOUR SHIPMENTS

Notwithstanding the serious dislocation of trade at Shanghai through the Sino-Japanese hostilities, Canada exported 300 quintals (111,330 pounds) of wheat flour to that port during the month of September, 1937.

The only other imports of flour at Shanghai during that time were 28,380 pounds from Australia.
